

Game Rules - "Wallstreet" Online Bingo

Game variant:	75-number Classic Bingo with a fixed number of drawn numbers
Minimum number of players:	10
Maximum jackpot prize:	No maximum jackpot prize has been defined
Minimum interval between two draws::	4 minutes
Favourite numbers:	A maximum of 5, all appearing on each Bingo card

Price structure:

Price per Bingo card:

Jackpot level	Price level	Card price*
< CHF 2'500	1	CHF 1.50
< CHF 5'000	2	CHF 1.75
< CHF 10'000	3	CHF 2.00
< CHF 20'000	4	CHF 2.25
≥ CHF 20'000	5	CHF 2.50

* As long as players take part in bingo draws in a jackpot cycle of the «Wallstreet» online bingo product **without interruption**, the lowest card price paid by the player is used, regardless of the current jackpot amount. However, if a jackpot cycle draw is missed, the card price at the current price level must be paid the next time the player participates in the same jackpot cycle.

Allocation to Bingo pot:	52% of the stake for a draw
Allocation to jackpot price and booster fund:	23% of the stake for a draw
	<ul style="list-style-type: none"> If the amount in the booster fund prior to the draw is at least ten times the starting jackpot, 23% of the stakes for the draw will be added to the jackpot prize and 0% to the booster fund. If the amount in the booster fund prior to the draw is less than ten times the starting jackpot
	$23\% * \frac{\text{booster fund before the draw}}{\text{ten times the starting jackpot}}$
	of the stakes for the draw will be added to the jackpot price. The difference between 23% and the share of the stakes for the draw allocated to the jackpot price will be allocated to the booster fund.

Price category	Winning pattern within a grid	Maximum quantity of numbers drawn	Win
4	2 complete horizontal rows	55	48.08% of the Bingo pot
